

THE
10X
SHIFT

Welcome to The 10X Shift—a journey to uncover what it means to think exponentially and become a true driver of transformation.

Before we begin, take a moment to check in with yourself.

My current mindset is mostly...

- ☐ Linear
- ☐ Incremental
- ☐ Exponential
- ☐ Not sure yet

Why I'm here (circle all that apply):

To future-proof my career/business
To understand exponential technology
To unlock new growth opportunities
To lead meaningful innovation
To think bigger
Other: _____

What does 10X mean to me right now?

My Intention for this Workshop:

Self-Assessment

(1–5 scale)

I'm open to challenging how I've always done things

I believe technology is moving faster than I can keep up

I'm ready to take bold action for exponential growth

I Want to Become an ExO

MTP

Massive Transformative Purpose

Notes

An MTP is...

Massive

Is it global in scope, or does it have the potential to be?

Inspiring

If you shared your MTP with a stranger, would it inspire him or her to get involved?

Passionate

Does the MTP convey your passion?

Purposeful

What do you want to achieve?

Transformative

How would the world be changed for the better if the MTP were achieved?

Highly Aspirational

Is the MTP grand and bold? Does it lie just beyond what seems possible to achieve?

Connected to Abundance

How is a new abundance created or an existing abundance drawn upon?

Positive

How does everyone win?

Descriptive of the World

What would the world look like once the MTP has been achieved?

Succinct

Is it short, simple and clear, and doesn't need explanation?

Positive

*Connected to
Abundance*

*Highly
Aspirational*

*Descriptive
of the World*

Inspiring

an MTP is NOT...

A Vision (about the organization)

A Mission (about the how-to)

Restrictive to future pivots

A Marketing slogan for customers

A sentence for the customer (“you”)

A sentence for us (“we”)

It is not about the business

Key question to get to your MTP

What do you really care about? Why?

What is your company's purpose on this earth (and beyond)?

Key question to get to your MTP

What does the world hunger for? Why?

What would you do if you could never fail? Why?

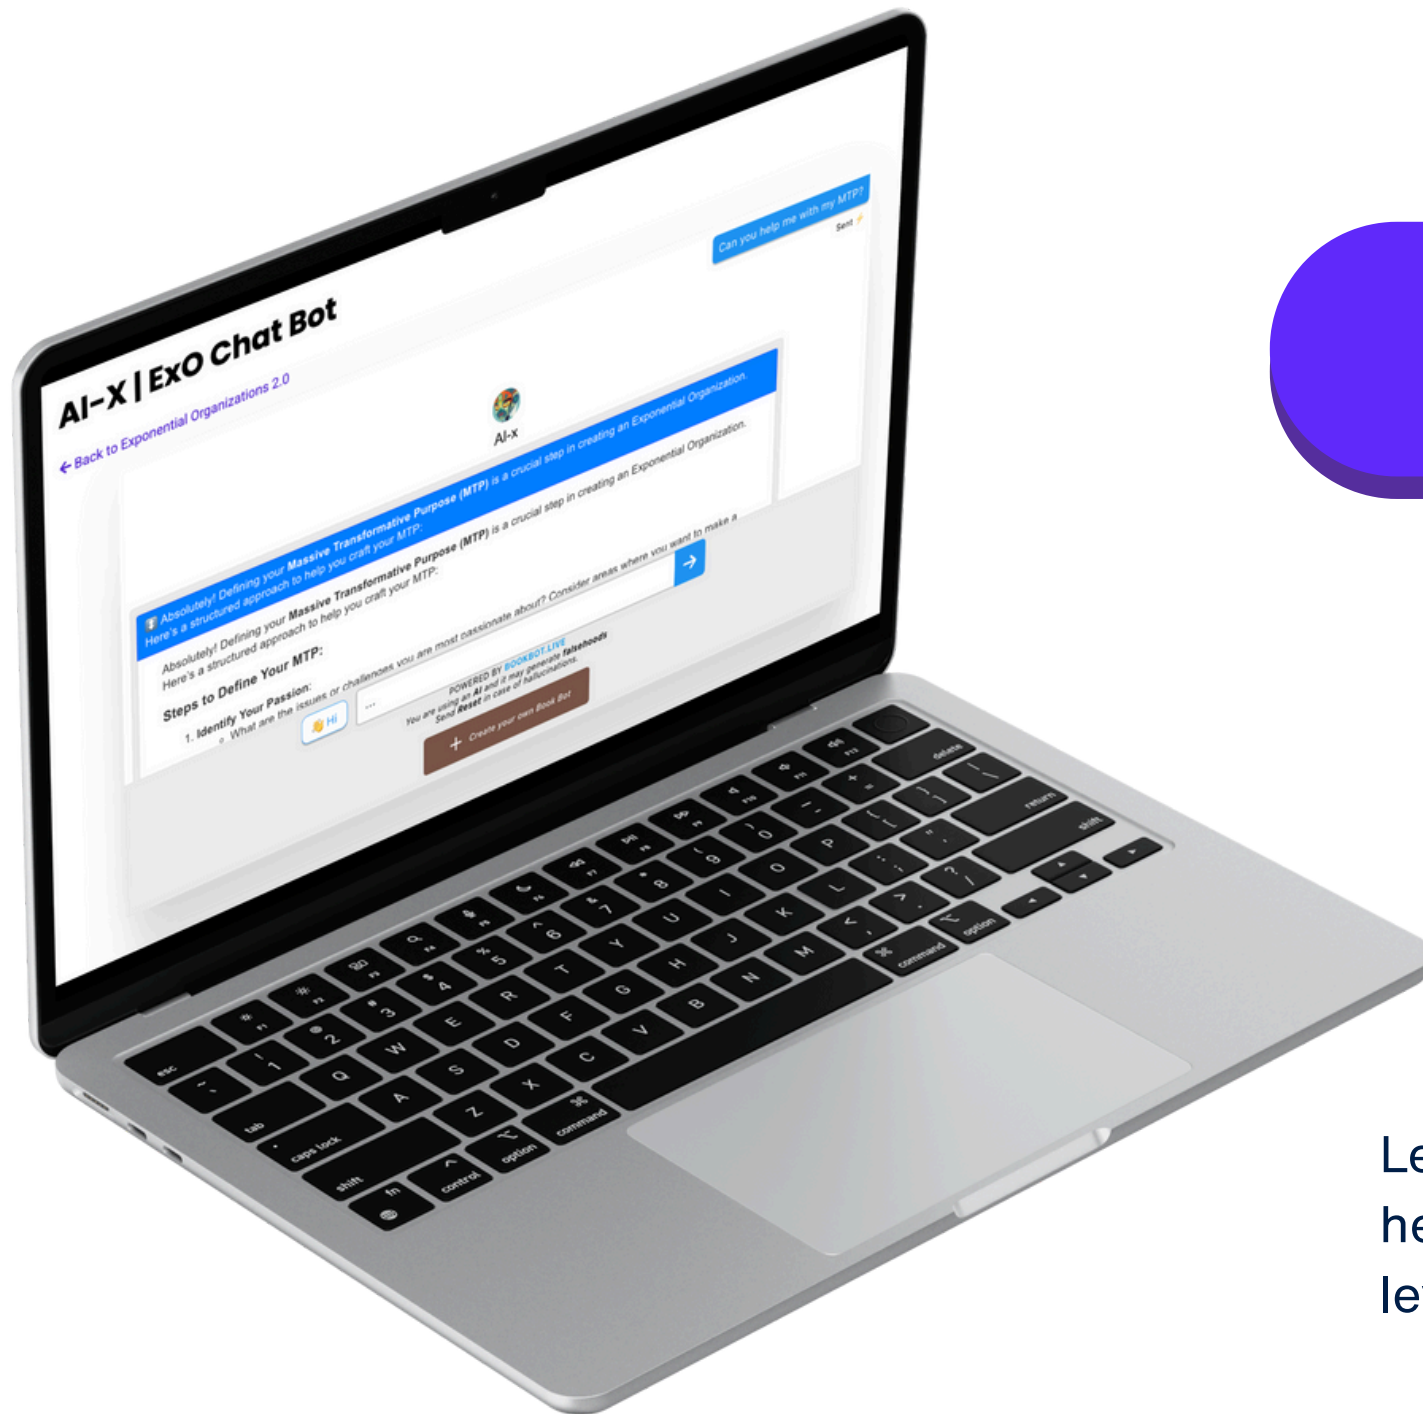

Key question to get to your MTP

What would you do if you received a billion dollars today? Why?

What is your VO.1 MTP?

ExO Canvas

Organization

Date

Done by

MTP Massive Transformative Purpose

Why does the organization exist?

What is the target of the organization?

What is the purpose of the organization?

Do kids and grandmas understand it?

Information

What data do we have?

What data do we need?

How will we collect data for the algorithms?

Is the data we need available?

Can we buy it? Rent it? Make it?

Staff on Demand

Can we build a cloud of external "employees"?
How could we have the best employees for each activity?
How should we find and hire? By using an agency? Direct?
Local? Remote? Platform?

Community & Crowd

Is there an existing community we can leverage?
How will we turn external community into advocates?
How will we create value for my community?
How can the community create value for my product?

Algorithms

Why are we developing algorithms?
Which labor/activity/task can we automate?
Which algorithm/systems/platforms are you going to use to process/leverage the information you have?

Leveraged Assets

What type of fixed costs can we move off the balance sheet by renting them?
What processes can we outsource?
Is there spare capacity lying around which we could re-purpose?

Engagement

What contests/promotions can be created to increase customer acquisition?
How can we leverage gamification to improve our products and services?
How can you make people use your product every day?

Interfaces

Can we build an API that connect our systems with the community?
Can we create a marketplace to drive growth?
What can we do to provide my product/service in a self-service mode?

Dashboards

Why do you need to have real-time data?
What real-time data do you need to track/measure?
What systems will you use in order to measure that data?
What will you do with this data?

Experimentation

What do you want to learn and what experiments will you run to do it?
How will you measure the success of the experiments?
How can we encourage experimentation within the organization?

Autonomy

How can we reduce decision-delay or approval-chains?
How can we avoid too much management and allow the staff to grow?
Is there a framework/tools we could use? (OKR, Holacracy, etc.)

Social Technologies

How will we leverage social technologies to improve communication (within our team/community/clients)?
What social network/tools can we use?
Can we use social tools to do some of the work for us?

Implementation

How will we implement the right culture along the whole organization? How will we measure it?

How will we drive the organization toward the MTP? How will we measure it?

What collection of projects should we run to implement the above attributes?

What are the key elements everyone on the team has to agree on?

Massive Transformative Purpose

1. What is a purpose so bold and meaningful that it would energize me and others to work toward it every day—even without a paycheck?
2. What massive problem or opportunity in the world aligns with what I care deeply about?
3. If my organization disappeared tomorrow, what would the world miss?

Leveraged Assets

1. What fixed costs (offices, vehicles, tools, tech) could we turn into variable costs by renting, sharing, or outsourcing?
2. How might we access and scale with assets we don't own?
3. What platforms or services already exist that we could plug into instead of building from scratch?

Desired Growth Impact	Physical Asset Leverage (Incremental Improvement)	Digital Asset Leverage (Ex0 Improvement)	Info-Enabled Physical Asset Leverage (Ex0 Improvement)
What assets can you leverage?			
Value Propositions - how will you improve your value propositions by leveraging assets?			
Metrics - How will you know your leveraged assets strategy is successful and achieving healthy, sustainable growth?			
Why does this help you scale exponentially to achieve your MTP?			

Next Steps

Reflect & Apply

- ☐ Review your notes and highlight one idea to take action on this week
- ☐ Share your MTP draft or ExO insights with your team or mentor
- ☐ Choose one ExO Attribute to experiment with in your organization

Keep Learning

- ☐ Dive deeper with the Exponential Organizations book → openexo.com/book
- ☐ Explore case studies and learning resources → openexo.com/resources
- ☐ Use AI-X to go deeper into your transformation ideas → openexo.com/chat

Join the Movement

- ☐ Create your profile at openexo.com
- ☐ Join the ExO Community to connect with leaders and change agents
- ☐ Attend our weekly networking calls for continued growth

Go Pro

- ☐ Take the ExO Foundations course to solidify your knowledge
- ☐ Join the Weekly Mastermind with Salim and the Team
- ☐ Bring the ExO Sprint to your organization to drive transformation at scale

My Commitments

One action I will take this week:

One conversation I will have to spread exponential thinking:

One area I want to go deeper in (Attribute, tool, or mindset):

Notes

**Remember:
Small exponential steps,
taken consistently, create
massive shifts.**

A staircase with a rainbow gradient on a blue background. The steps are illuminated with a warm, golden light, and the background is a deep blue. The staircase is positioned on the right side of the image, leading upwards.

Let's build the future - today

A blue and purple abstract pattern, possibly representing water ripples or a digital design, located at the bottom of the image.
